

**Leading Manufacturer of Electrical Panel
&
Trusted Electrical Contractor**

An ISO 9001:2015 Certified & CPRI Approved Company

Who we are

Powertech Electrical & Automation LLP has established in 2019, has rapidly emerged as a reliable global partner in manufacturing, services, and trading for the electrical and automation industry. We pride ourselves on being a single-roof solution provider, offering everything from electrical design, consultancy and LT control panels to building management systems, power management systems, and a full range of industrial automation solutions.

Our capabilities cover the entire project lifecycle — from concept and design to execution and commissioning — ensuring seamless, efficient, and cost-effective results. We specialize in PLC, PC-based SCADA, DCS, HMI, Drives, and advanced industrial automation systems, combining technical expertise with the latest technology to meet the evolving needs of industries worldwide.

At Powertech, we don't just deliver solutions — we deliver confidence and performance. Every project is approached with a commitment to precision, reliability, and customer satisfaction. By blending innovation with practical expertise, we help businesses optimize their operations, reduce downtime, and move towards a smarter, more sustainable future.

Our Objective

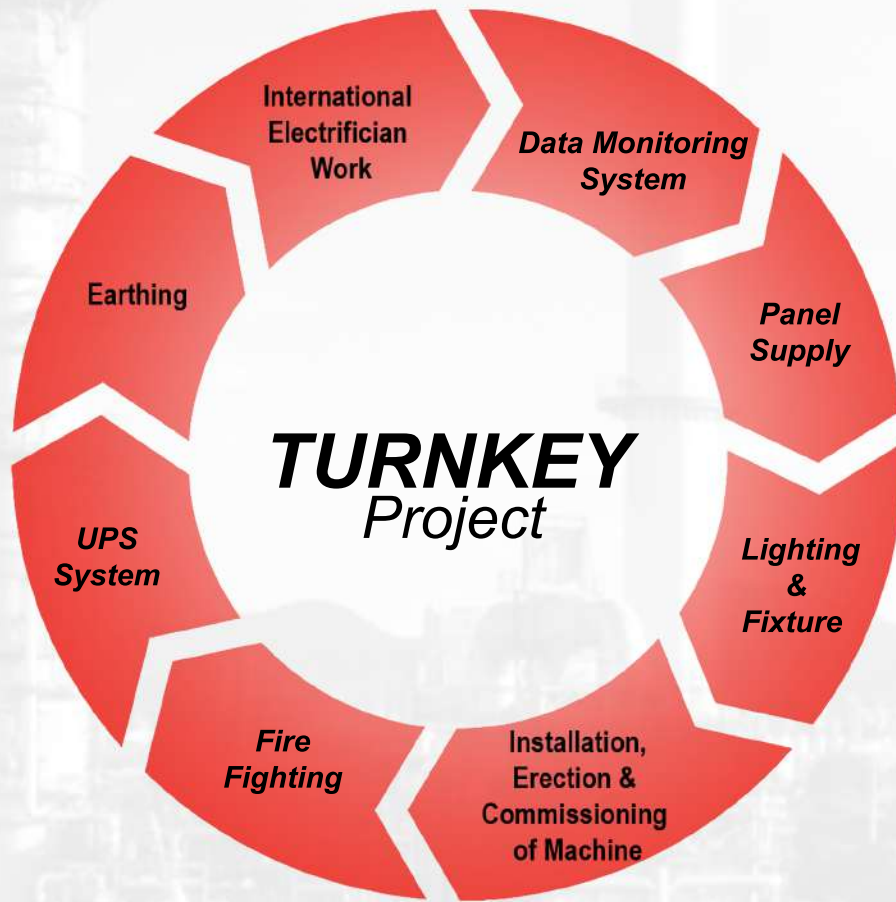

To deliver world - class electrical and automation solution that set benchmarks in quality, innovation and reliability our goal is to drive measure results for our clients through precision engineering, advanced technology integration, and unwavering commitment to excellence.

Core Principles

At Powertech, our value are built around delivering the best in electrical and automation solution. We put customers first with reliable service and timely delivering we work as a team to ensure smooth execution from start to finish. Innovation and technical accuracy are at the core of our work supported by strict quality control with a professional approach and industry expertise we ensure every project meets global standards.

Quality Assurance

At Powertech Electrical & Automation LLP, we are committed to delivering world-class electrical and automation solutions that meet customer requirements and comply with global standards of quality. Guided by our ISO 9001-compliant Quality Management System, we ensure consistency, efficiency, and reliability in every project while adopting advanced tools, technologies, and processes to maximize performance and minimize errors.

Supply, Inspection, Installation & Commissioning of :-

- ⇒ All Type of Electrical Panel
- ⇒ Bus Duct
- ⇒ Rising Mains
- ⇒ 11 KV VCB
- ⇒ 11 KV RMU
- ⇒ CSS (Compact Secondary Substation)
- ⇒ Transformers
- ⇒ Servo Stabilizers
- ⇒ Cable Tray
- ⇒ HT-LT Cabling
- ⇒ Industrial Lighting
- ⇒ Fire Alarm & Detective System
- ⇒ Earthing System
- ⇒ Lighting Arrestor

Industrial Automation

- ⇒ HMI: Siemens, Proface, Mitsubishi, Delta, Fuji
- ⇒ Scada: Wincc Flexible & RS Views
- ⇒ PLC: Siemens, Inovance, Mitsubishi
- ⇒ Servo Drives: Siemens, Inovance, ABB, Yaskawa
- ⇒ AC Drives: Siemens, Inovance, Delta, Fuji
- ⇒ Encoders: Siemens, Kubler, Pepperl Fuchs (P&F), Hengster
- ⇒ Controller: Selec, Omron, Itherm, Delta, Honeywell
- ⇒ Sensors: Pepperl Fuchs (P&F), Siemens, Omron

Electrical Panel

PEAL is one of the most reliable name in electrical control panels manufactures & suppliers.

We provide a wide range of power and Control panels.

- ⇒ Main LT Panel (PCC Panel)
- ⇒ Power Distribution Panel
- ⇒ Sub Distribution Panel
- ⇒ Motor Control Centre Panel
- ⇒ DG Synchronization Panel
- ⇒ AMF Panel
- ⇒ APFC Panel
- ⇒ RTPFC Panel
- ⇒ Hybrid PFC Panel
- ⇒ SVC Panel
- ⇒ Fire Fighting Panel
- ⇒ Water Treatment Panel
- ⇒ Meter Board Panel

Automation Panel

PEAL Specializes in designing and manufacturing customized system solutions, packed by complete installation and commissioning support at customer sites.

- ⇒ PLC Panel
- ⇒ HMI Panel
- ⇒ VFD Panel
- ⇒ SCADA Panel
- ⇒ IMCC Panel
- ⇒ Protection Relay Panel
- ⇒ Relay Logic Panel
- ⇒ Fire Alarm
- ⇒ Control Desk Panel
- ⇒ Machine Control Panel

Expertise

PEAL has expertise in Designing & Commissioning of Electrical and Automation part in the following:

Sheet Processing

Pharmaceutical

Tube Mill

Food Processing

Water Treatment Mill

Expertise

Forging

Paper Packaging Machine

Casting

Paper Industries

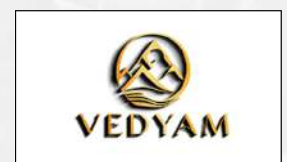

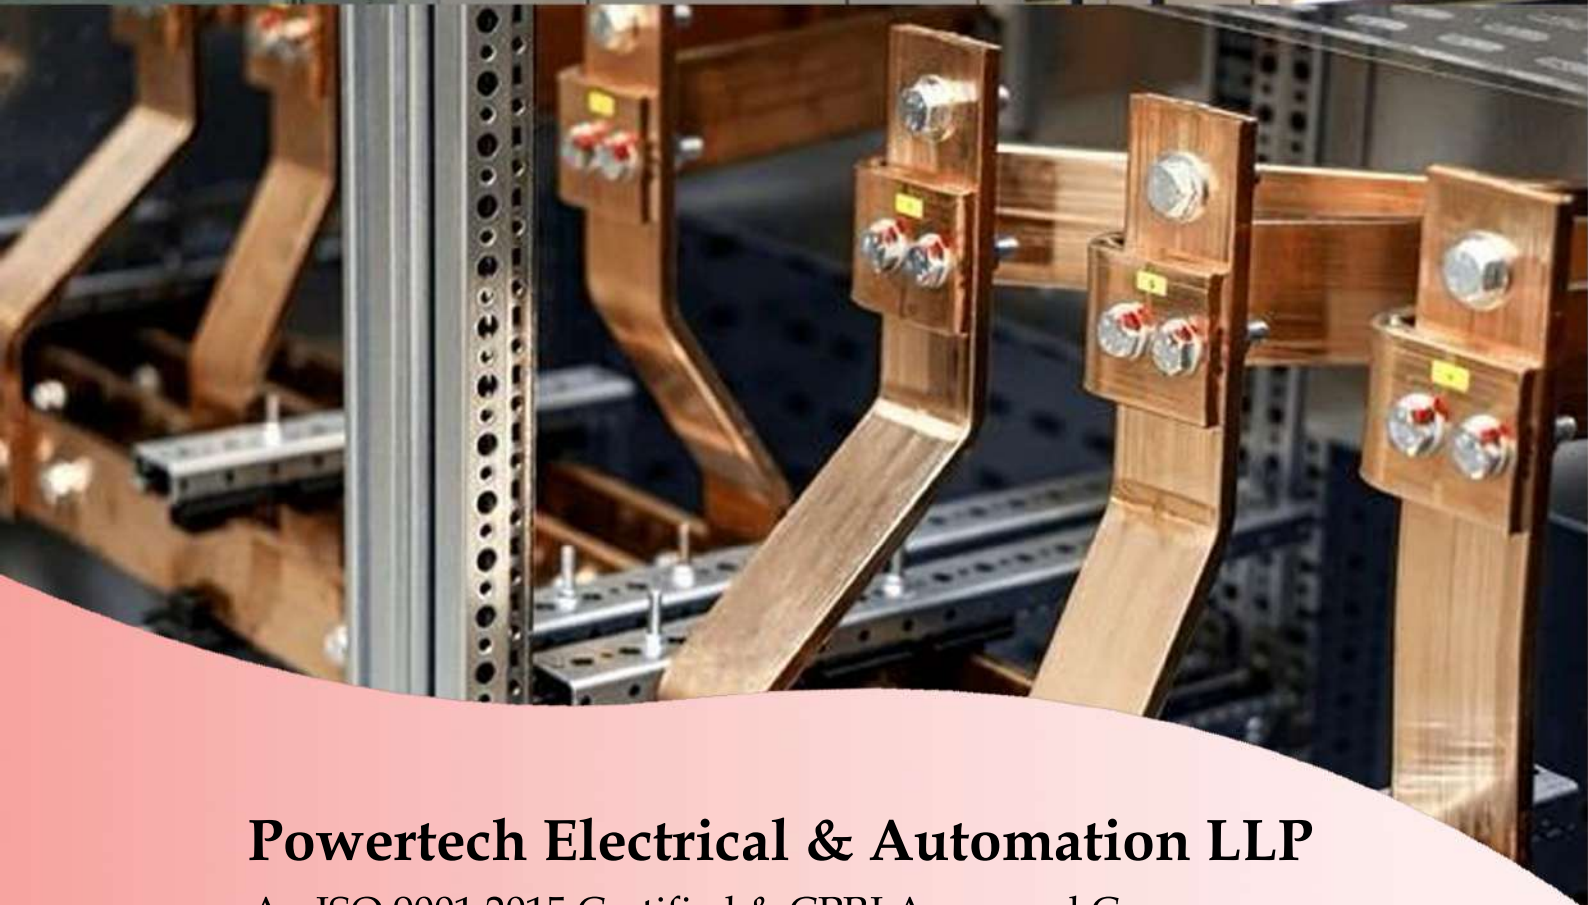

SPM

Quality Endorsement

Esteemed Clients

Powertech Electrical & Automation LLP
